PICTURE THE POSSIBILITIES: OCTOBER IS NATIONAL ART & FRAMING MONTH --Gallery & Frame Shop supports Children's Museum of FdL Spooktacular Event

October is National Art & Framing Month and Gallery & Frame Shop, located in historic downtown Fond du Lac, is celebrating by helping fund activities at the Children's Museum of Fond du Lac and by promoting the enjoyment of art as part of daily life

During October Gallery & Frame Shop will donate a portion of all sales to the Children's Museum, located at 51 Sheboygan Street. The museum's interactive exhibits and educational programming provide experiences for children to learn about their culturally diverse world. The funds generated will be used for the Children's Museum Spooktacular Costume Party to be held Friday, October 30.

In 200~~8~~⁹, through programs like "Picture the Possibilities" and other events, Gallery & Frame Shop reinvested some \$~~20~~¹⁸,000 back into the greater Fond du Lac community. "We are proud to support the activities of the Children's Museum as it provides an opportunity for children to be introduced to the arts and culture of the world while they play and have fun!," says Julie Balson, owner of the Gallery and Frame Shop.

Since 1997 National Art & Framing Month provides opportunities for the public to "Picture the Possibilities" that art and framing can bring to homes, offices and public spaces. Art has been an important part of human society since the earliest scrawling on cave walls; while custom picture framing preserves artwork as well as personal mementoes to hang on the walls in home, offices, and public spaces. National Art & Framing Month shines a spotlight on this essential aspect of our culture.

The Gallery & Frame Shop is open Monday – Saturday 9:30 – 5:00 and till 7:00 p.m. on Wednesdays. More information about National Art and Framing month is available by contacting Julie Balson at Gallery & Frame Shop, 921-1144 or email: gallerframe@sbcglobal.net. For more information about fund-raising partnerships with the Children's Museum of Fond du Lac, please contact Andrea at the museum: 929-0707.
